REQUEST FOR ISSUANCE OF CERTIFICATE OF CORRECTION

Dear Sir:

Janez Pirš et al request that a Certificate of Correction be issued in the captioned patent in accordance with the attached two copies of Form PTO-1050 in which the requested corrections are noted.

As to the error in claim 1, column 14, line 5, and claim 5, column 15, bridging lines 4 and 5, in the Notice of Allowability mailed July 24, 2006, at page 2, an examiner's amendment is set forth which reads -

"In claims 22 & 26, on lines 15 & 23, respectively, insert --polymerized-- before 'monomer' and before 'the prepolymer'."

The examiner's amendment should have read -

"In claims 22 & 26, on lines 15 & 23, respectively, insert --polymerized-- before 'monomer' and before the 'prepolymer'."

The phrasing in the Examiner's amendment is clearly a typographical error concerning the placement of the initial quotation mark. Upon consideration of the grammatical structure of the claim phraseology, the phrasing is grammatically incorrect if "polymerized" is placed before the definite article "the" rather than the noun "prepolymer". This is evident from the corresponding amendment to "the monomer" in the same line.

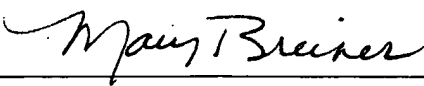

Patentees submit that the errors to be corrected are not due to patentees' mistake and, therefore, there should be no fee for issuance of the Certificate. However, in the alternative, if the error is not considered due to Patent Office error, patentees petition for correction under 37 CFR §1.183 for correction and authorizes that any fee required may be charged to Deposit Account No. 02-3690.
